KEY FEATURES

MADE FOR YOU

The first thing you notice when you ride a City Commuter is how comfortable you feel. You'll swear it was made just for you – because it was! The most important part of any Pedego is the person riding it, and the City Commuter is built with only one thing in mind: YOU.

FULLY-LOADED

The City Commuter comes equipped with user-friendly features that make riding even more fun and practical. From the everyday utility of fenders with mudflaps, to the simple pleasure of a built-in bell, and innovative Smart Bike Technology including a bluetooth connected smartphone app; we've thought of everything!

BREATHTAKING PERFORMANCE

- A whisper quiet, 500 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.
- A state-of-the-art 48 volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 100 kilometres on about 10 cents worth of electricity.
